

Dear Student:

Do you have an interest in aviation? Are you are looking for something to do that's fun, exciting, and looks good on your college resume?

We meet at Batten International Airport in Racine at the EAA Chapter 838 building located at **3333 North Green Bay Road**. Our meetings are generally the first and third Thursday of the month at **7:00 PM**.

Some of the fun activities planned for this year include:

- Participate in the world's largest airshow at AirVenture in Oshkosh, Wisconsin.
- Fly in single engine aircraft (for free!!).
- Welding and other aviation hands-on activities
- Aviation related speakers and tours
- Trips to EAA Oshkosh Air Museum
- Mini golf
- Advanced flight simulations
- Pool parties
- Skiing, and much more!

There are also awesome opportunities including, but not limited to, leadership development and making lasting friendships.

The benefits get even better!

- You get a greatly reduced price in pilot training.
- Our post has a very high placement rating with military academies and ROTC.
